

Exciting News - CCRES is Moving!

Dear CCRES Valued Team Members and Partners,

We are excited to share some big news about the future of CCRES! After a great deal of planning, reflection, and collaboration, our organization will be moving our headquarters to **690 Stockton Drive in Eagleview, Exton, PA** in spring of 2026.

This move represents a significant step forward as we continue to grow and strengthen our support for the children, families, and communities we serve. This relocation will offer a modern, welcoming, and collaborative environment that truly matches the heart and mission of CCRES.

As Executive Director Matt Przywara shared, *“Eagleview will be a true game-changer for CCRES. This new space gives our team the capacity to collaborate more effectively, grow our team, and most importantly, strengthen the support we provide to our community and educational partnerships.”*

We will share more details soon, including timelines and opportunities to get involved. *Your daily work will not change with this move*, however, we do hope that this new space will provide more opportunities to connect with each other and to further strengthen our partnerships and relationships, so that we can change more lives in a positive way. The [full press release](#) is linked for those who would like additional information.

We will share more details in the coming months about timelines, logistics, and opportunities to see the new space. For now, we simply want to say THANK YOU. Thank you for your commitment, your compassion, and your belief in the work we do together. We are excited to take this next step with each of you.

With appreciation,
The CCRES Team
